

Design your own Earthus Spectacle

Imagine what you would create if you had the power to add to the world, would it be clouds made of fire? Walking fish? Lakes made of jelly? Or do you know already know of something that could qualify for a place in the book in reality? The neighbours half bald cat that has 87 lives and at least three owners? That magical clearing in your local forest? The rainbows that stretch across your bedroom when the sun hits the crystal dream catcher just right? Make your own page for Earthus, be as wild as nature itself!

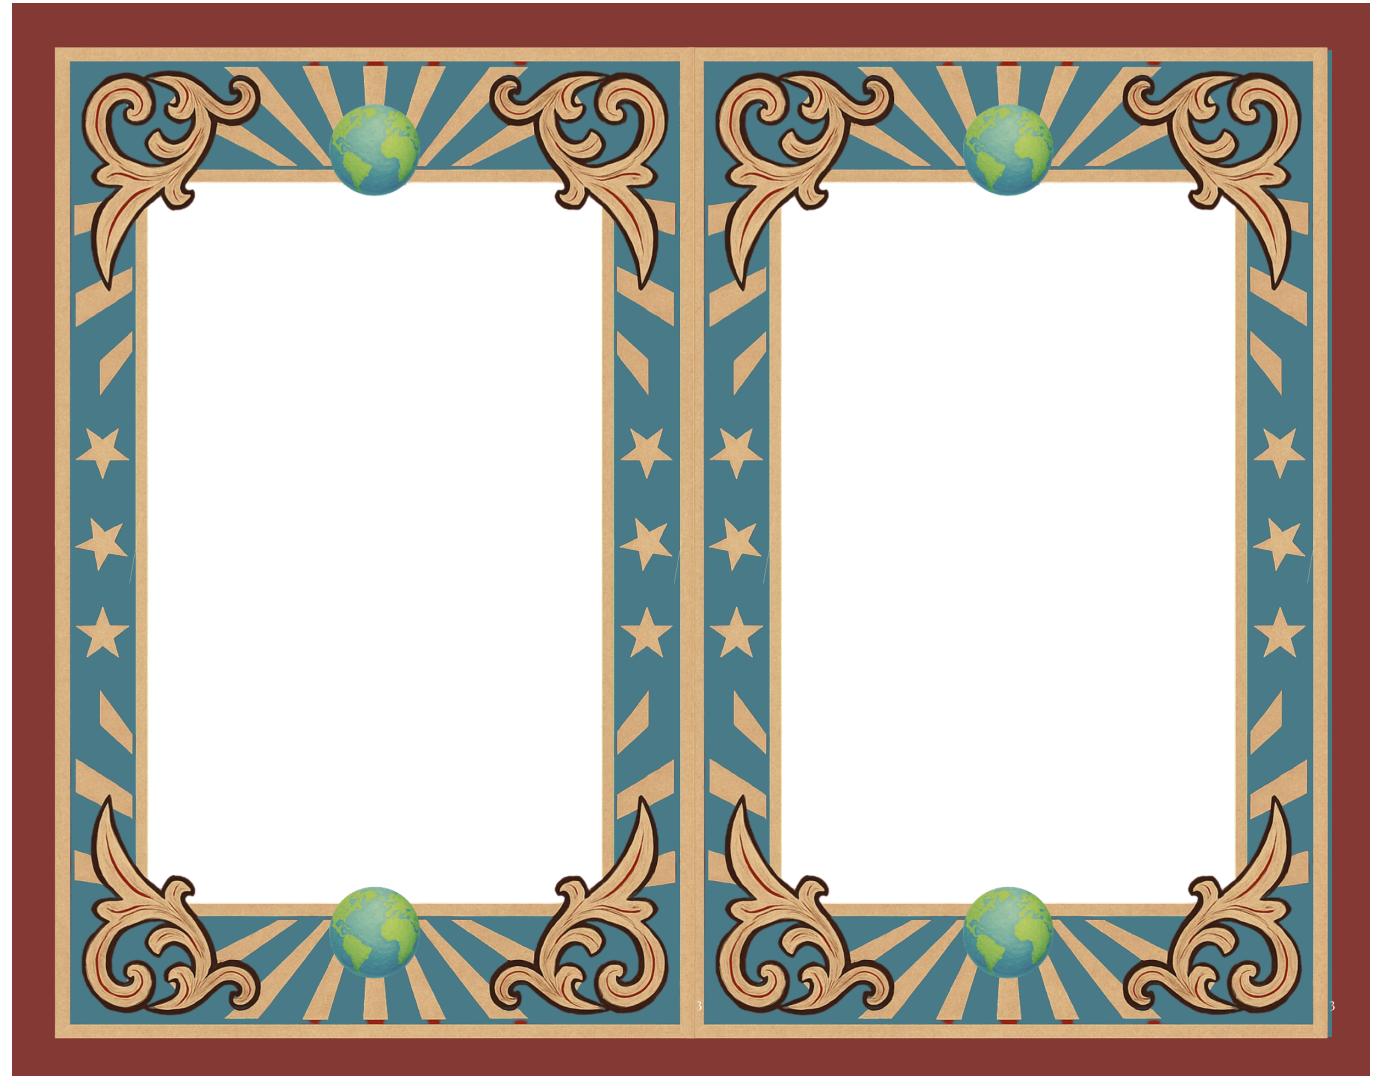

Once you've completed your Earthus Page, ask a trusted adult to upload a photo of it to the MFM Fandom Facebook group.

Please include only your first name and your age

Explain your curious creature, peculiar place or odd occurrence here.
